Great looking, blood horse. Showing all the attributes to go to the top. His dam Ultralux V jumped exceptionally well at the national level in Limburg, and Ici likewise turns heads with his amazing jump. His dam-line has produced numerous international show jumpers, among them the approved stallion Salvador V, ridden by Johannes Ehning. Ici's sire Douglas, who produces one Grand Prix show jumper after another, is the sire of horses including Suma's Zorro, who won the five-star Grand Prix at the Global Champions Tour in Paris this year under Sameh El Dahan.
